

## Applicant/Bidder questions and answers

Award number: 21-016

### 1 Applicant/Bidder information Nr. 1 from 05.07.2021

<b>Nr.</b>	<b>1</b>
<b>Topic</b>	<b>Budget</b>
<b>Question</b>	- Is there any rough information on the budget you have available for the new site? Could you perhaps give us a price range?
<b>Answer</b>	An indication of the available budget cannot be provided at this stage of the tender, in order not to influence the market price. However, this subject will be discussed with the pre-selected bidders after they have submitted their initial offer. The bidders will then have the opportunity to adjust their offer.
<b>Nr.</b>	<b>2</b>
<b>Topic</b>	<b>Timeframe for creating the website</b>
<b>Question</b>	The time frame given seems a bit short to create this very complex website. Is the timeframe possibly flexible and could be pushed back a little?
<b>Answer</b>	The completion <b>timeframe of the creation of the Website</b> has been <b>amended</b> and extended to mid-February 2022 (initially mid-December 2021). As such, a prototype of the website is to be available (online) by mid-December, 15.12.2021 the latest and the final website should go online by mid-February 2022, 15.02.2022 the latest.
<b>Nr.</b>	<b>3</b>
<b>Topic</b>	<b>Description of services</b>
<b>Question</b>	Is there a list of the desired pages of the website and the expected functionalities?
<b>Answer</b>	The present tendering process of negotiated procedure with competition consists of 2 stages: in the first stage, interested bidders express their interest and submit an application on the basis of a preliminary description of services to be commissioned (available on the IASS website); a pre-selection of max. 5 candidates takes place on this basis; in stage 2, the full description of the services to be provided (incl. the list of desired pages and the expected functionalities of the website) is sent to the eligible bidders invited to submit a bid. For more information, please see "Conditions of application".
